

Christmas Bingo Game

Provide each person with a piece of paper, and ask them to draw the diagram usually used to play Tic-Tac-Toe. In the various spaces, write a word (nine in all) that is commonly connected with the Christmas season.

The dealer has a list of words, and cuts them up, and puts them in a jar. After all have prepared their Tic-Tac-Toe form, the dealer takes words from the jar, one at a time, and reads them out. Every time a person hears one of the 9 words that they have written down, they are to cross them out.

The first one to get three words in a row crossed out, is the winner.

Christmas Bingo Game
