39 THINGS EVERY MAN SHOULD KNOW

By: Dr. Robert Watkins

Smart men understand they cannot be successful by themselves. These 39 nuggets of practical wisdom will increase the love, fulfillment and relationships in your life. Share these vital insights with every man you know. They will forever thank you.

1. Faithful men abound with blessings. Unfaithful men normally get fired, divorced and expelled from the will of God or reassigned to lower paying jobs.
2. No business, job or ministry is worth losing your family over.
3. Sex is reserved for marriage. Do it the right way: love your wife, display affection, and pay the price of a life-long commitment. She'll then give you all the sex you want.
4. A penis is a sign of a male. No big deal. But a lover of Christ and a deep commitment to God's Word are signs of real men.
5. The "love" of money is the root of all evil. Love God first, maintain a pure heart, seek your purpose, and money will find its way to you one day.
6. A woman who wears tight clothes and short skirts should not be viewed as a sex object, but should be viewed as someone who needs Jesus in her life. Pray for her from a distance.
7. Your children respect you because you are their father, but you win their admiration when you treat their mother with respect.
8. Your father perhaps made many mistakes in his life, don't repeat them!

9. Your wife is not your mother. Don't ask your wife to cook, clean or do anything like your mother.
10. If you are married, no "other woman" should be your best friend.
11. If you are single, never tell another single woman "I love you" unless you are prepared to marry her.
12. Stay away from old friends who consistently fantasize about the "good old days". They will destroy your future.
13. Your relationship with God and your family are your top priorities in life. Everything else in your life should take a back seat.
14. A fool is exposed by his words. No one wants to do business with or be a friend of a fool. A wise man knows how to be quiet in the presence of people who can help him.
15. A greedy heart will mismanage money, lose precious friends and destroy business deals.
16. Preach to yourself in the mirror before trying to preach to others.
17. Your woman will submit to you as long as you are submitted to God and your pastor.
18. What you are willing to compromise, you will one day lose.
19. Hard work builds character. Don't be ashamed of it.
20. Don't leave your job until the new business or ministry can replace your salary and benefits for at least one year.
21. Real men sacrifice their expensive toys, pride and time for the sake of their families.
22. Don't use your job, business or ministry as an excuse for not staying involved in your children's lives or being active in your church. They both need you.
23. Your sin will surely find you out. Repent.
24. Wealth is not anything that can be depreciated such as money, cars or houses. Seek to leave your children a wealth of happy memories.
25. Be content with being a man of God. There is nothing in this world that can satisfy you like being in His presence.
26. A secure man can say, "I love you" to his brother and son and not feel ashamed.
27. The best way to be encouraged is by encouraging another brother to continue on.
28. You are the leader in your home. Fight against the spirit of divorce.
29. Don't allow sexual thoughts to hang around your mind. Perverted thoughts can be defeated with the Word of God coming out of your mouth.
30. Be faithful to that which belongs to another, and God will one day give you your own.
31. Looking for an example of real man? Read the Gospels. Jesus is your example of a real man.
32. Insensitive words can ruin a good relationship. A good woman can become a bitter woman by the words that YOU speak.
33. Don't covet other people's money, cars or houses. There is enough wealth in this world for you have all the "things" God has for you.
