

WITHOUT CHRISTMAS

With all the hustle and bustle, I thought we needed to be reminded why Christmas is a good idea. Without Christmas...

- The candied fruit market would completely collapse!
- Our boring, uneventful lives would have no stress at all!
- Eggnog would just be a slimy, high cholesterol beverage.
- Santa would be a strange fat man with poor fashion sense!
- Three words— “No Christmas bonus!”
- We wouldn’t mindlessly sing “Hope Is Just Around the Corner” (Our Christmas play)
- You’d have to spend your own money buying stuff that doesn’t fit.
- We would never wonder if reindeer really know how to fly.
- Your cat would never know the joy of coughing up tinsel!
- Number one reason—without Christmas, there could be no Easter!
